

**Mussey Township Building Department
Temporary Building Permit**

Upon site plan approval from the Mussey Township Building Inspector, and pursuant to Mussey Township's Ordinance, a **temporary** building application may be obtained from the Building Department for the use of a temporary structure. All Building Codes apply and plans (location) must be submitted for approval by the Building Administrator and Building Inspector. You must have a drawing of the Temporary Structure and how the structure will be anchored. Fees and a Bond will be required and the Bond will not be returned until the Temporary Structure is removed from the property. You will have 6 months to remove the structure from the proposed site unless you request an extension. Two (2) 6-month extensions will be allowed with extra fees.
